2018-2019 School Year

Hadley Public Schools Staff and Faculty,

We have moved to an online delivery model for mandatory workshops on the following topics:

- Anti-bullying - MA
- Blood Born Pathogens
- Cyberbullying
- FERPA
- Restraint/De-escalation
- Section 504/ADA
- Mandated Reporter Requirements
- Response to Intervention
- State and Federal Laws
- Suicide Prevention
- Transgender and Gender Nonconforming Awareness in School
- ISTE Standards for Digital Teaching and Learning- OPTIONAL TRAINING

In an effort to provide staff greater flexibility in managing their time, we utilize an online provider. Several districts use this option.

The instructions to access the online workshops are attached. Once you have created a personal ID you will see all of the available modules. Only the modules listed above are required. If you have any question about what is required please, email me so I can assist you.

Please complete all modules within 30 days. Print your certificate once you have completed all modules and bring the certificate to the central office.

If you are an hourly employee, you must complete trainings during scheduled work hours.

Thank you very much,
Annie
