

SCHOOL COMMITTEE OPERATIONAL GOALS

The School Committee is responsible to the people for whose benefit the schools have been established. The School Committee's current decisions will influence the course of education in our schools for years to come. The School Committee and each of its members must look to the future and to the needs of all people. This requires a comprehensive perspective and long-range planning, in addition to attention to immediate problems.

The School Committee's primary responsibility is to establish those purposes, programs, and policies that will best produce the educational achievement needed by our students. The School Committee is charged with accomplishing this while also being responsible for wise management of resources available to the Hadley Public Schools. The School Committee must fulfill these responsibilities by functioning primarily as a legislative body to formulate and adopt policy, by selecting a Superintendent to implement policy and by evaluating the results.
