

## **RETIREMENT OF FACILITIES**

When a school building becomes inadequate by virtue of age, condition, size of site, lack of need, or other overriding limitations, and cannot reasonably and economically be brought up to the current educational standards, the building should be considered for a comprehensive closing study. The Superintendent will recommend to the School Committee, which facilities appear to justify further analysis.

The School Committee may seek both professional advice and the advice of the community in making its recommendations as to the retirement of any school facility.

A closing study will include direct involvement of those neighborhoods/people impacted in the closing. Considered in the study and will be concerned with all or some of the following factors:

1. Age and current physical condition of the facilities, its operating systems, and program facilities.
2. Adequacy of site, location, access, surrounding development, traffic patterns, health and other environmental conditions.
3. Reassignment of children, including alternative plans according to School Committee policy.
4. Transportation factors, including numbers of children bused, time, distance, and safety.
5. Alternative uses of the building.
6. Cost/Savings
  - a. Personnel
  - b. Plant Operation
  - c. Transportation
  - d. Capital Investment
  - e. Alternative Use
7. Continuity of instructional and community programs.
