

STUDENT INVOLVEMENT IN DECISION-MAKING

As appropriate to the age of students, class or school organizations and school government organizations may be formed to offer practice in self-government and to serve as channels for the expression of students' ideas and opinions.

The School Committee will take into consideration student opinions in establishing policies that directly affect student programs, activities, privileges, and other areas of student sensitivity.

Students will be welcomed at School Committee meetings and granted privileges of speaking in line with the privileges extended to the general public. The student representative to the School Committee will have a non-binding vote on all issues before the School Committee.
