

## **HADLEY PUBLIC SCHOOLS GOALS AND OBJECTIVES**

The goal of the Hadley Public Schools is to accept responsibility for the development of each child into an adult who can stand confidently, participate fully, learn continually, and contribute meaningfully to society.

Five objectives that contribute to the achievement of this goal, listed without priority in arrangement, define desirable outcomes to be incorporated into plans for the school system.

1. Ensure that each student develops proficiency in basic academic skills.
2. Ensure that each student develops the resiliency and confidence needed to cope with the challenges he/she will face in the future.
3. Ensure the development of positive, nurturing relationships among students, staff and the community.
4. Ensure that the investment of human and material resources are used efficiently and for maximum educational value.
5. Ensure that staff, students, volunteers and the school community are engaged and aspire to educational excellence.
