

POLICY REVISION AND REVIEW

In an effort to keep its written policies up-to-date so that they can be used consistently as a basis for School Committee action and administrative decision, the School Committee will review its policies on a regular basis.

The School Committee will evaluate how the policies have been implemented by the school staff and will evaluate the results. It will rely on the feedback from the school staff, students, and the community to ensure the effectiveness of the policies.

The Superintendent is given the continuing commission of calling to the School Committee's attention all policies that are out of date or for other reasons appear to need revision.

The School Committee directs the Superintendent to periodically review all policy and regulations manuals for administrative updating and School Committee review.
