

## **SCHOOL/PARENT RELATIONS GOALS**

It is the general goal of the Hadley Public Schools to foster relationships with parents that encourage cooperation between home and school in establishing and achieving common educational goals for students.

While parents/guardians are the primary caregivers of their children, the Hadley Public Schools take complete responsibility for the education and care of students when they are under the direct supervision of school personnel. Consistent with the parents responsibility for their children, and as appropriate to the maturity of the student, members of the school staff will consult with parents regarding student progress, achievement, methods to enhance student development, and matters of concern.

Additionally, parental involvement in the schools is encouraged through regular communication with the school Principal and staff, the parent/teacher organizations, the school volunteer program, and other opportunities for participation in school activities and programs.
